

NON-ELECTRIC HIGH PERFORMANCE Water Conditioning System

**Unlimited Supply
of Sulfur-free Water
24 Hours a Day,
Every Day**

- Simple, Reliable and Economical Operation
- Installation and Service by Trained Water Treatment Professionals

OVERDRIVE 

What Makes the Kinetico Overdrive Enhanced 2060f Sulfur Guard System Different?

Non-Electric Operation. Reliable. No timers or computers to set, adjust, repair or replace.

Metered, Demand Service. Unlimited supply of fresh, odor-free water. Eliminates guesswork, water and regenerant waste, and odor breakthrough.

Twin Tank System. Unlimited supply of clean, filtered water. Enables system to regenerate with clean, filtered water.

Overdrive Enhanced. All tanks are in service simultaneously. Increases performance, efficiency, flow rate and media life.

Large Porting Size. Perfectly suited for larger plumbing found in many homes. Up to 1-1/2 inch.

Exclusive Sulfaban™ Media. Extremely effective at removing hydrogen sulfide from water.

Effective Sulfur-Odor Removal. Uses Sulfaban media to eliminate the rotten-egg odor caused by hydrogen sulfide gas in your water. Makes water usable again.

Simple Maintenance. Uses either inexpensive household bleach or hydrogen peroxide to clean Sulfaban media. Clean water rinses regenerant from system. No other maintenance required.

Corrosion-Resistant Valve and Tanks. Long lasting. Can endure harsh environments.

Clean Water, Countercurrent Regeneration. Increases product efficiency and water quality.

Automatic Operation. Just add regenerant.

Outstanding Warranty. Dependability, peace of mind.

Regenerant Tank Options:

Note: The Kinetico 2060f Sulfur Guard System is designed to operate with water that contains less than 1 grain per gallon hardness, less than 0.3 ppm iron and a maximum pH of 9.5. Conditions that exceed these levels will require pretreatment.
